

Process Area Manager

A vacancy has arisen in Aurivo Dairy Ingredients, Ballaghaderreen, Co. Roscommon for a Process Area Manager. As a key member of the Management Team, the Process Area Manager will play a key role in delivering on all production and product excellence relating to the manufacture of Dairy Ingredients powders and butter. This role will report to the Site Manufacturing Manager.

Key Responsibilities

- Plan and organise Production Schedules
- Day to day effective management of the production processes
- Process efficiency – achieve budgeted plant performances.
- Health and Safety Issues – risk assessments, safe work practices, etc.
- Day-to-day team management e.g. rostering, reviews, training and communication to develop and motivate the production team.
- Manage and oversee standards of hygiene and housekeeping in plant
- Promote a quality culture to ensure compliance with all regulatory and product specifications
- Work with the maintenance team to ensure downtime is minimised and preventative maintenance plans are adhered to.
- Operate effectively as part of the Site Management Team – contribute to the continuous improvement of performance.
- Identify and implement process improvements resulting in efficiencies and cost savings while maintaining product quality

The ideal candidate will have

- Ideally a 3rd Level Qualification, preferably in a science-based discipline
- 3 years' experience ideally in a food manufacturing environment.
- Experience in Change Management & Continuous Improvement Projects
- Strong Leadership and People Management skills
- Ability to build strong relationships as part of a team
- Excellent communication & interpersonal skills
- Ability to work on own initiative
- Personal drive, attention to detail and an ability to prioritise & manage multiple deadlines

Candidates should apply to Marilyn Phillips, Group Head of Human Resources, Marilyn.phillips@aurivo.ie

Closing date Friday 4th February
