

## Continuous Improvement Coordinator

**Location:** Aurivo Animal Feeds, Ballaghaderreen

**Reports to:** Site Operations Manager

### Job Overview:

Reporting to the Site Operations Manager, the successful candidate will work as part of a closely-knit team within Aurivo Agribusiness and support the broader Operations function.

This role is a full-time permanent role and represents an excellent opportunity for an ambitious candidate to progress and develop within one of Ireland's leading multi discipline Co-operatives.

### Key Responsibilities and Duties:

- Assess and improve operation processes - contributing to a team environment of continuous improvement.
- Execute improvement projects identified by plant leadership
- Coordinate data collection and enhance reporting methods on site with view to gaining analysis and insights that create value and enhance business decision making
- Site Stock Control – Continually review and monitor site stock with a view to improving efficiency and accuracy to deliver best practice and drive real time information
- LEAN Strategy – Champion and lead out, driving LEAN strategy and initiatives on site through open communication, training, and team development
- Utilise problem solving skills and promote the use of problem-solving applications
- Provide ad hoc cover for production and transport scheduling on site
- Coordinates training for new operating procedures and systems
- Maintains professional and technical knowledge through continuous learning

### Qualifications and Skills:

- A relevant third level education and six sigma qualification desirable
- Knowledge of the Agri & Retail sector is an advantage
- Excellent analytical skills and good written and oral communication skills
- Ability to build strong relationships as part of a team
- Personal drive, attention to detail and an ability to prioritise & manage multiple deadlines
- Strong working knowledge of MS word, excel, outlook

The company reserves the right to select a shortlist from the applications received.
