

Job Title: Tanker Maintenance (Dairy Transport Maintenance)

Location: Aurivo Dairy Ingredients, Ballaghaderreen, Roscommon

Opportunity: Full-time

With a Turnover of €340 million, Aurivo Dairy is the largest business unit in the Aurivo group and is involved in the manufacture, sales and marketing of Fresh Milk, Butter and Enriched Milk Powders to customers in over 40 countries across the globe. Our fleet of c.44 milk collection tankers collect milk from 1000 farms across 15 counties

Aurivo Co-op is a large multi-purpose Co-operative engaged in a wide range of activities including dairy processing, liquid milk distribution, animal feed milling, retail stores, e-commerce, garden centres, livestock marketing and sports nutrition. In Aurivo our values define how we operate, employing over 650 people directly and providing employment for many others in wide range of activities including transport & distribution.

Opportunity

This is an exciting opportunity to join our team in Aurivo Dairy, based in Aurivo Dairy Ingredients, Ballaghaderreen where the successful candidate will support with milk collection equipment and maintenance. The successful candidate will be part of a close-knit team reporting to the Farm services manager and will work closely with the Group Transport and Logistics team.

Key Responsibilities

- On site / remote support of milk tanker fleet including out of hours callouts.
- Monitoring milk tanker pumping and communications equipment
- Scheduling and managing contractor support
- Deliver reliable maintenance function with best practices including preventative maintenance
- Maintain accurate maintenance data and close out assigned work
- Maintain tanker inspection records in line with regulations and Group policies. Maintain and calibrate instrumentation equipment
- Provide training to end-users on the proper use and basic care of equipment
- Liaise with Hauliers to coordinate activities

The ideal candidate will have

- Excellent communication and organisational skills
- Previous electrical and mechanical experience is helpful but not essential
- Knowledge of repair and fault finding
- Strong problem solving and decision-making skills.
- Flexibility hours of work
- Ability to use own initiative
- Ability to work without supervision
- Full driving licence

Application Process
